

Lotusgate Claims Handbook

This fictional handbook explains how Lotusgate General Insurance handles HomeSecure, MotorSecure and HealthSecure claims. It is written for claims staff at the Chennai and Gurugram claims hubs and for policyholders who want to know what happens after they report a loss.

1. Claim intimation

A MotorSecure accident must be reported within 48 hours. A HomeSecure loss must be reported within 7 days. Any theft or burglary must also be reported to the police, and the First Information Report (FIR) must be filed within 24 hours of discovering the loss.

Claims can be reported on the Lotusgate app, on the 24x7 claims helpline, or at either claims hub. Every claim gets a claim reference number at intimation.

2. Survey and assessment

Any HomeSecure or MotorSecure claim estimated above Rs 50,000 is inspected by an independent surveyor from Meridian Loss Adjusters. Lotusgate must appoint the surveyor within 72 hours of intimation, and the surveyor must submit the report within 15 days of the inspection.

Claims of Rs 50,000 or less are assessed by Lotusgate's own desk assessors using photographs and repair estimates uploaded in the app.

3. Settlement

Lotusgate settles or rejects a claim within 30 days of receiving the last necessary document. If an investigation is needed, it must finish within 45 days and the claim is then settled within a further 15 days. Late payment carries interest at 2 percent above the bank rate.

Motor repairs at a Lotusgate network garage are settled cashless, directly with the garage. Repairs at a non-network garage are paid by reimbursement to the policyholder.

4. Cashless health claims

For planned hospitalisation, the network hospital sends a pre-authorisation request to CareBridge TPA at least 48 hours before admission. For emergency hospitalisation, the request is sent within 24 hours of admission. CareBridge TPA decides on a pre-authorisation request within 1 hour and on the final discharge bill within 3 hours.

If cashless approval is denied, the policyholder can still pay the hospital and claim reimbursement within 30 days of discharge.

5. Documents checklist

Motor: claim form, driving licence, registration certificate, repair estimate, and the FIR for theft or third-party injury. Home: claim form, photographs, purchase invoices for contents, and the FIR for burglary. Health: claim form, discharge summary, final bill, investigation reports and pharmacy bills.

6. Fraud control

Suspicious claims are referred to Lotusgate's Special Investigation Unit (SIU). Red flags include a claim within 30 days of the policy start, inconsistent dates in documents, and repeated claims for the same item. A claim found to be fraudulent is rejected and the policy is cancelled without refund.

7. Worked example: MotorSecure hailstorm claim

Policyholder: Ravi Menon (fictional). PAN: ABCPM1234K. Phone: +91 98765 43210. Email: ravi.menon@example.com.

Ravi's 3-year-old 1197 cc hatchback was damaged in a hailstorm in Kochi. He reported the loss in the app the same day. The estimate was Rs 82,000, so a surveyor from Meridian Loss Adjusters inspected the car. Ravi had the zero depreciation add-on, so no depreciation was deducted on replaced parts. After the compulsory excess of Rs 1,000, Lotusgate paid Rs 81,000 directly to the network garage. Because this was an own-damage claim and Ravi had no NCB Protector, his No Claim Bonus was reset to zero at renewal.
